Yeah I feel sorry for my harasser. She's only 13 and addicted to the internet at this point but seriously she's also calling me a p3do with out of context screenshots and a fictional ship with an age gap.

Look I don't care if she doesn't like my ship it's valid. But she's trying to use me talking to her as an adult as someone who's gaslighting and manipulating her. I only wanted her to understand something she took the wrong way. Yeah this is bothering me since she's accusing me of trying to ruin her when I'm just leaving her alone at this point //sighs

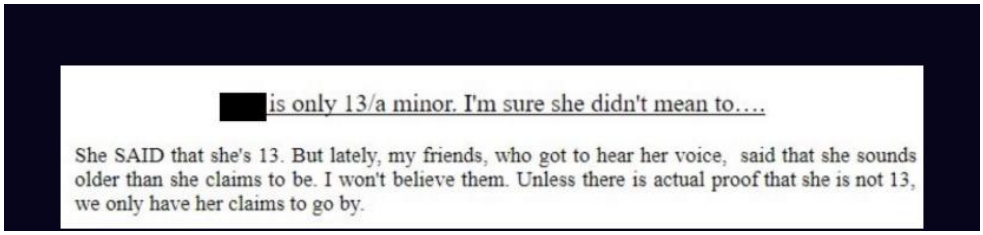
Sooooo my stalker is an effing hypocrite uwu

And I hate hypocrites. I don't care anymore. I truly hate her for her vile nature and the fear she gave me. Im not gonna play her game anymore. I'm keeping her blocked and gonna ignore her and her simps from now on!

I'm tired of being afraid. I wannaa live mylife. Also be around my friends and explore my ideas.

I'm not scared anymore.



[redacted] is only 13/a minor. I'm sure she didn't mean to….
She SAID that she's 13. But lately, my friends, who got to hear her voice, said that she sounds older than she claims to be. I won't believe them. Unless there is actual proof that she is not 13, we only have her claims to go by.

mari and her friends saying they attacked me because i sound older than i claim to be.

- The Passage of Time

Mari is 26 and, according to her, the older you get, you change as you grow. What you are when you are 15 can be different from once you reach 18 and beyond. People change. Everyone changes at their own pace. Some longer than others.

Mari believes that Mitch has the potential to change, especially since he's to be someone with feelings. Only time will tell what the Glitch Techs crew will have in store for Mitch. But for Mari, they believe that Mitch will only mature once he reaches his 20's and that he will show a change of personality and vulnerability by then.

- Demisexual Representation

Mari also identifies as a demisexual person. Mari would like representation of a couple ending up together the way some demisexual people experience: slow and steady.

What does it mean to be "Demisexual"?

Source: https://www.webmd.com/sex/what-is-demisexual-demisexuality

Demisexual people only feel sexually attracted to someone when they have an emotional bond with the person. Those they will form sexual atrraction towards can be gay, straight, bisexual, or pansexual - their potential partner may have any gender identity!

To some demisexuals, such as Mari, the concept of a meaningful and healthy sexual intercourse between a couple, can only after a loving and healthy bond has developed between them. These things take time!

Mari applies that with Mitch and Five as well. As she ships them, the two men having sex isn't the first thing that pops into her mind. It can be nice to imagine but Mari wants the two to be friends for a few years first before their bond might evolve to a romantic one when they reach their twenties. That's why Mari often draws them in adult designs. Mari is also mindful to put in her posts to write down "adult Five and adult Mitch" or "older Five and older Mitch."

Whenever Mari wants them to perform a sexual act, they draw or write an alternate of Mitch and Five where they are aged up and tag the content with the appropriate tags!

^ mari using her demisexuality to excuse her sexualizing minors. she's practically saying "this sexualization and aging up of a minor is ok because im demisexual!"

MANIPULATING THE NARRATIVE

There is no doubt that Kal is dangerous. She has shown to twist things up to be in her favor. What makes her even more dangerous is that she has allies who are willing to help control the narrative that she's the victim in all of this.

^ mari calling me “dangerous” because i expressed dislike to a ship that was minorxadult.

Do you consider yourself a "Mitch stan"?

I can say how it's easy for people to believe that I am. They can think that but I do appreciate Mitch as a complex character. I won't fault people for calling me a Mitch stan and I don't mind if they do, especially if they don't know the origin of the word "stan."

I hated Mitch for his griefer attitude back in season one but after seeing glimpses of character development in season two (him appreciating his siblings, thinking that Miko and Five don't need him), I see that he is like many people: prone to change and has the potential to be kinder in the future.

Also, I like to joke how I am a simp for Mitch because I started appreciating him more during September of 2020 where it was dubbed "No Simp September" and I like to joke how he made me "lose" simply because I started to like him as a character.

I don't want to use the word "stan" to refer to myself as a fan of something anymore. I did so as a joke and because I didn't know where the word came from. When I found out where it came from, I didn't want to use the word to refer to a stan ever again...

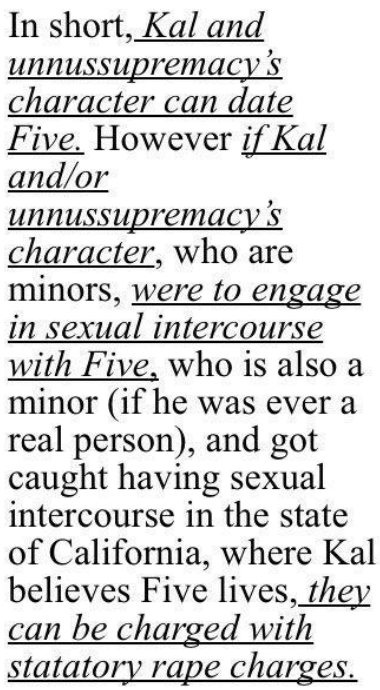
The term "stan" actually means "stalker + fan". It comes from Eminem's 2000 hit song of the same name, "Stan."

Trigger warning:
Murder and suicide mention

The song tells the story of a very obsessive fan of Eminem' alter ego, Slim Shady. This fan went as far as to write to him every day, lock himself in a room filled with posters of Slim Shady and make himself look like Slim Shady as best as he can be. He gets frustrated with Slim never replied to him which culminated to Stan committing murder suicide by putting his pregnant girlfriend in the trunk of his car and then driving the both of them off a bridge. He did this all because his idol never replied to any of the many, many letters he wrote to him. Slim Shady eventually did. He wrote to Stan saying how he was too busy to reply to any of his letters and later found out at the end of the song of Stan having killed himself after reading his letters and hearing about what he did on the news.

NOTE: This story is ENTIRELY FICTIONAL!

^ the absolute fucking cherry on top, the most ridiculous thing known to man. none other than the slim shady analysis. she’s serious, btw.



In short, *Kal and unnussupremacy's character can date Five.* However *if Kal and/or unnussupremacy's character*, who are minors, *were to engage in sexual intercourse with Five*, who is also a minor (if he was ever a real person), and got caught having sexual intercourse in the state of California, where Kal believes Five lives, *they can be charged with statatory rape charges.*

^ mari throwing a hissy fit over me and a friend of mine shipping our oc's with five, trying to apply real life laws. imagine being so fucking hellbent on saying

"lmao these kids are gonna have sex and go to jail for rape!!" i have never once expressed sexual desire for five?? she's conjuring up more shit than cedric the sorcerer from sofia the first, giving him a run for his money. silly mari.

demonizing an age gap between two minors, but turning around and writing aged up nsfw of minor x adult. hypocritical ass.

mari yet again inciting harassment on me and inviting her adult goons to attack me when she informed everyone of my handle change.

Im not ready to forgive Kal. She doesn't need to apologize to me either if she doesn't want to. If she truly thinks that I ruined her mental health, please encourage her to leave me alone. If I trigger her so badly, please encourage her to stop thinking about me even. I've have bad mental health myself and my therapist has taught me to stop thinking about my triggers and it helped me greatly. I kept getting triggered seeing her hate posts since October and learning about the rumors and allegations they spread about me. If you dont know, I have severe depression that makes me see vivid nightmares if I undergo a lot of stress. I want Kal far away from me as possible. I did my best not to mention Kal's name in my public posts and even in the Discord servers even when she mocked me on her PUBLIC twitter. One of my friends is a followers of her so thats how we were able to know what she's said about me and kacpurr.

It wasnt the right way to go about this. I am glad you have apologized to what you did to me and Kacpurr. I dont think I'm ready to accept your apology just yet but I won't fault you for your past mistakes. PLEASE. JUST DONT DO THIS TO SOMEONE ELSE. THE last thing I want you guys to do is to be mean to another person. Here's something I want to tell you: I dont think want to hear from Kal or from her follower and allies again. I hated seeing how she and they spread rumors about me. She can hate me for my ships but I just noticed how she likes to shame those who ship Five with anyone other than her. But, hey, I get it. She loves Five. He's her comfort character like Mitch is to me. Tell you what, Kal can say anything she wants about me in private to her friends but I dont want her to spread rumors and false allegations of me without proof in public. I want her to stop stalking my profile since I know

That means I dont want her friends, like you, to show her stuff Im making. I know you guys dont like my stuff so please--im okay with being blocked, im okay with being muted. Im okay with Kal shipping herself with Five-- i find it adorable! I really like her art--its cute and I hope she improves! I really do. I want what's best for Kal. I just want her to be more tolerant of other ships and opposing opinions She doesn't have to listen to me. I know she feels hurt by what I did and I will own up for that. I apologize if the doc me and my friend made had caused her to lose her Discord. If there's anyone who's doing this to her again, LET ME KNOW. I DONT LIKE BASTARDS LIKE THAT. Forgive my language, but the last thing we wanted was her to be harassed themselves!

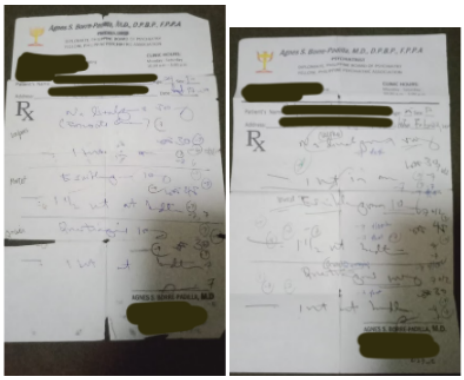
oh, for the love of god quit your victim act. she's beeing doing this since october, guilt tripping and playing victim so she can look innocent. "outing my stalker" who is a middle schooler who literally escapes reality with a fictional character. please mari, go have sex and stop being so out of tune with reality.

Also I know there are skeptics towards my mental illness. So, here are my prescriptions for my antidepressants and antipsychotics:



you are 26 years old. please stop saying a 13 year old is the root and cause of all your mental health issues. you are off your anti psycotics. please consider taking them again.

Author's note: Seeing this tweet in particular triggered me and made me see my hallucinations again. I saw demons I haven't seen in four years tell me how I should be happy someone wants me gone so I can make life better for everyone. I suffer from severe depression with psychotic features. I tend to see and hear vivid hallucinations when I'm very stressed or triggered by a traumatic event or reminded of a past trauma.

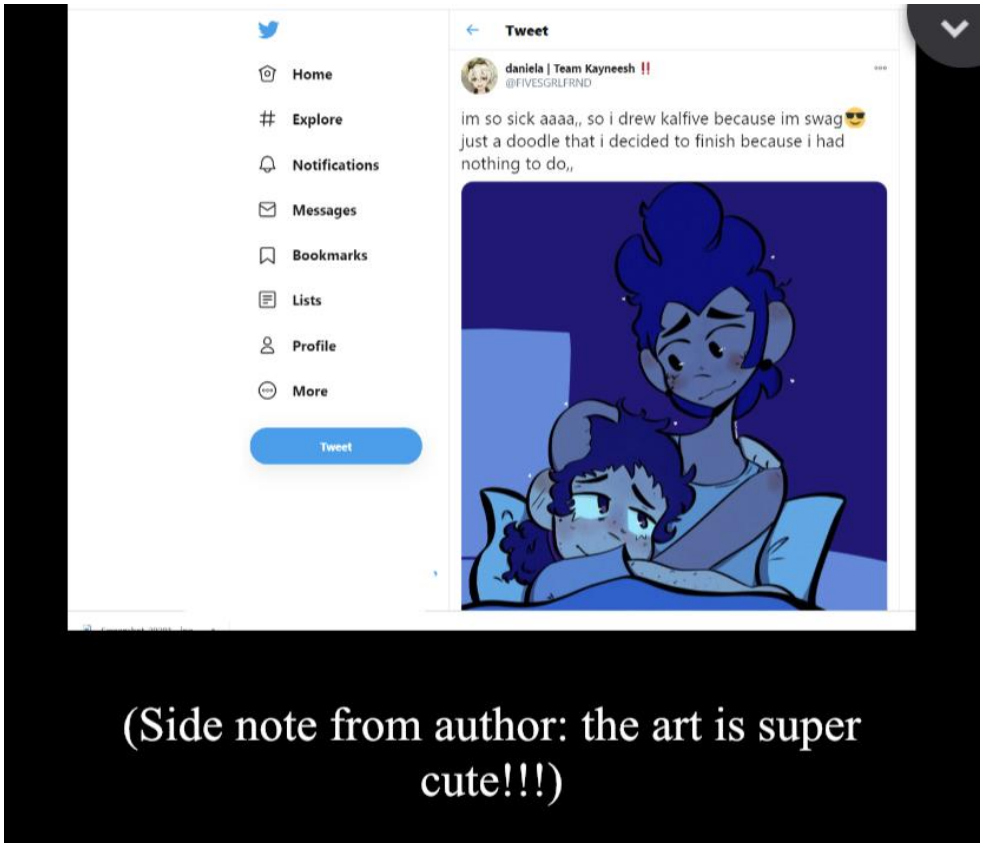
with or without context this is so hilarious, but imagine rubbing your mental issues, again on a kid. This is HOMOPHOBIC of her to do. Her pedophillia accusations and threats towards Boosh can help ERASE DECADES of work much of the LGBTQIA+ community has made to dispel the stigma that homophobia equates to pedophillia and other mental disorders.

ah, yes. a 13 year old is homophobic all because they don't like a 15 and 18 year old dating. she's calling me homophobic because it's a m/m ship.

me when im homophobic and erase decades worth of progress in the lgbt community because i said i dislike a minorxadult ship. please consider growing some big balls.

ANY HARASSMENT AND DESTRUCTIVE CRITICISM DIRECTED TOWARDS KAL FOR HER SHIPPING AND HER ARTWORK IS STRICTLY FORBIDDEN AND WILL NOT BE TOLERATED!

so that was a lie.



lmao that was a fucking lie too. mari thought she could sugarcoat the fact that she wrote a hate filled manifesto by criticizing my shit and then saying “its cute though! 🥺” shut up. please.

Definition of "DATING:"

Dating is a stage of romantic relationships in humans whereby two people meet socially with the aim of each assessing the other's suitability as a prospective partner in an intimate relationship. It is a form of courtship, consisting of social activities done by the couple, either alone or with others.

When it comes to dating, sex doesn't always have to come into play all the time. Some couples (or polyamorous parties) often abstain from sex during a relationship for a number of reasons, depending on the consenting parties involved. Some want to wait until marriage. Some want to try it right away. It really depends on person to person.

DATING DOESN'T *ALWAYS* EQUATE TO SEX.

If you think that dating automatically leads to sexual intercourse, clean your mind up, pervert /j. Sex is never a requirement for a successful and loving relationship.

you know you have to be the biggest fucking virgin on this planet when you have to define DATING of all things. btw this is mari trying to excuse her shipping, again five (15) mitch (18).

ah yes, a 26 year old being so obsessed and spiraling to prove that a kids self insert and a fictional boy that isn't real will one day come to life and engage with sexual intercourse with

Even if it has been labelled as a joke, there is no denying that Kal is fervent with shipping herself with Five. Kal and another user with the handle "unnussupremacy (now enbymaxwell- Update: now [redacted] have claimed that their ships are the only legal ones since Kal is aged 13 and Five is 15 (Note: we couldn't find the age of the one who ships Fivo [Five x Leo] but we can go by unnussupremacy's claim that they are a minor based on the tweet reply.)

To answer if Kal or unnussupremacy's character dating Five (if Five was a real person) is legal: Yes it is. But with some boundaries and some rules to follow.

In short, *Kal and unnussupremacy's character can date Five.* However *if Kal and/or unnussupremacy's character*, who are minors, *were to engage in sexual intercourse with Five,* who is also a minor (if he was ever a real person), and got caught having sexual intercourse in the state of California, where Kal believes Five lives, *they can be charged with statatory rape charges.*

Remember sexual intercourse is defined as:

"**Sexual intercourse**" means any sexual penetration, no matter how slight, of the vagina ("vaginal intercourse") or genitalia by the penis. Ejaculation is not required.[1]

If we are to follow California law, the law states that minors CANNOT consent to sex. THIS MAKES IT ILLEGAL FOR THEM TO PERFORM SEXUAL INTERCOURSE even while they are dating another party. So, in the eyes of the state's law, two minors can still date, but if they are under the age of 18 AND perform sexual intercourse, they can get criminal charges.

Kal, who claims to be 13, has only expressed the desire to have Five as her boyfriend or husband in her public posts (and even in her username). She has not made any public statement to have the desire to perform sexual intercourse with him. Remember, Five is still 15 in season 2 of Glitch Techs (the latest season out at the time of this doc being written [November 15,2020].) If Five was a real person and Kal and Five get caught having sex with each other, they can go to jail for statatory rape charges.

them. ah. adults.

i want to know what fucking medication is she on to be in another plane of reality. a 15 year old fictional boy will not “come to life” and be charged with statutory rape charges for engaging in sex with a 13 year olds nonexistent self insert oc for a nickelodeon cartoon that is rated tv-y7. mari, please consider touching grass, and alongside that, sniffing and eating the dirt. you clearly need it. you are so overly obsessed with applying real life laws to characters who have never stepped onto this godforsaken earth.

one last thing, lets ricochet back onto her fetishizing trans men. mari has made a transmale oc who is 20 and literally looks like a shotacon. his whole thing is that he’s super into sex and looks like a little boy.

look me right in the damn eyes and tell me that doesn't look like a kid. go on. his whole shindig was that he was childish and LOVES and CRAVES sex.

don't believe me?

so, overall, she’s hypocritical for it.

so, let’s reiterate. mari akutsu, who is the stalker, gaslighter, manipulator, bully, transman fetishist, hypocrite and overall a sick son of a bitch who should not let be near an elementary school or two men ever again?
